TOGETHER TO GET BETTER

AN
INTERNSHIP REPORT
ON

“Website for Quient Trainings Pvt Ltd”

Bachelor of Engineering

**In
Computer Science and Engineering**

Submitted by: SHIVA SINGH(1MV18CS097)

SIR M. VISVESVARAYA INSTITUTE OF TECHNOLOGY
2018-22

ABOUT THE COMPANY

BIONIC ENGINEERS is a digital service provider that aims to provide software, designing and marketing solutions to individuals and businesses. At BIONIC ENGINEERS, we believe that service and quality is the key to success

We provide all kinds of technological and designing solutions from Billing Software to Web Designs or any custom demand that you may have. Experience the service like none other!

Some of our services include:

Development - We develop responsive, functional and super-fast websites.

We keep User Experience in mind while creating websites. A website should load quickly and should be accessible even on a small view-port and slow internet connection.

Mobile Application - We offer a wide range of professional Android, iOS & Hybrid app development services for our global clients, from a start up to a large enterprise.

Design - We offer professional Graphic design, Brochure design & Logo design. We are experts in crafting visual content to convey the right message to the customers.

Consultancy - We are here to provide you with expert advice on your design and development requirement.

Videos - We create a polished professional video that impresses your audience.

OVERVIEW OF THE PROJECT

Project Name: Website for Quiant Trainings Pvt Ltd

Team Members: Syed Imaad Ur Rahman

Rohit Jumnani

Shiva Singh

Anirudh

This project is based on Full Stack Web Development And its Applications. The main objective of this project is the implementation of HTML, CSS, JavaScript and SQL to create a website for Quiant Trainings Pvt. Ltd. The basic webpage of this project is created using HTML and JavaScript and the styling of the webpage is done using CSS. SQL was used in the backend of the project to store the entries which are entered by the users.

Quiant training is an enthusiastic group intended to train students in colleges that are denied the privilege of Placement training. A group of Enthusiasts now have a vision of training students that don't have access to placement training that can help them get placed, and thereby build their future.

Why is placement training important

Placement training plays a major role in shaping up the career goals of students. It is the dream of every engineering student to get placed in a top organization visiting their campus for recruitment. Keeping this key aspect into consideration, it is realized that training is important for engineering students to enhance their employability skills and achieve good placement in various Industries At present, the competition for employment is increasing every day and placement has become a challenging task. Training students and equipping them with life skills has become an important responsibility of the institution. Along with technical expertise, the development of a holistic personality is also necessary.

TOOLS USED

Software Requirements

- Visual Studio Code 2019.
- Google Chrome or Microsoft Edge of latest version.
- Front End: HTML, CSS, JS
- Back End: MySQL, Git, GitHub, XAMPP
- Linux 7.1 or Windows XP/7/8/10 OS or Mac OS

Hardware Requirements

- Pentium 200-MHz computer with a minimum of 64 MB of RAM (128 MB of RAM recommended).
- Monitor with a refresh rate of at least 40Hz for a smooth GUI experience (optional).

BIONIC ENGINEERS
TOGETHER TO GET BETTER

VISION

Quient training is an enthusiastic group intended to train students in colleges that are denied the privilege of Placement training, A group of Enthusiasts now have a vision of training students that don't have access to placement training that can help them get placed, and thereby build their future.

OBJECTIVE

- a. To look for 100% employment for all students.
- b. To recognize the core competencies of the students.
- c. To train the students to meet the expectations of the industry through our Career Development Programmes.
- d. To build confidence in students and develop the right attitude in them and enhance their communication skills.

Training Activities By Quiant Group

- a. Create awareness about "career planning" and "career mapping" among the students.
- b. Train the students on "Personality development".
- c. Organize Various Training Programmes to train the students in the areas of Quantitative Aptitude, Logical Reasoning and Verbal reasoning through the reputed external training organizations and in-house trainers
- d. Train the students through Mock Interviews to perform well in the professional interviews as per the expectations of the corporate world.
- e. Train the students on group discussion techniques ,Conduct online tests and written aptitude tests.

Importance of placement Training

Placement training plays a major role in shaping up the career goals of students. It is the dream of every engineering student to get placed in a top organization visiting their campus for recruitment. Keeping this key aspect into consideration, it is realized that training is important for engineering students to enhance their employability skills and achieve good placement in various Industries

At present, the competition for employment is increasing every day and placement has become a challenging task. Training students and equipping them with life skills has become an important responsibility of the institution. Along with technical expertise, the development of a holistic personality is also necessary.
